

THE BRAND

I Brands Beverages Ltd., is a leading manufacturer and distributor of alcoholic beverages. With an extraordinary and award winning brand portfolio of international repute, the company is one of the fastest growing liquor companies in the country seeing a phenomenal response to its products in the market, over a relatively short period of time. The company is known primarily for its excellence in beverages and for the single-minded purpose of providing consumers with the utmost experience of international standard quality at an affordable price point.

I Brands is a privately owned and operated business, operating with an U.K. affiliate and distributes in India across various states and Southeast Asia. We accredit our successful growth to the attitude, experience and innovative approach of our team.

Double Dutch Beer - Poland

Australian - Manufactured in Daman

WINE

Casa de Marcus - Italian wine

Granton Whisky is the flagship brand of I Brands Beverages Ltd. It is a richly layered whisky blend from the finest scotch, malts and select Indian grain spirits. The rich flavour of the blend comes from an age-old tradition of blending fine whiskies developed in UK.

Our recipe for the blend has come from abroad in tandem with international benchmark; however, our own blender in India who has a firsthand knowledge of the local flavour has regulated it.

Granton Whisky comes in an award winning packaging. We have a family pack of 3 sizes. 750ml in a canister, 375ml and 180ml in a mono carton for the Asian market.

For exports, Granton Whisky comes in an embossed design and a holographic feel Mono carton.

The closures are of the finest quality from the best in the manufacturing, Guala Closures.

FOR EXPORTS
WE CAN SUPPLY IN MONO CARTON

99 REASONS TO PARTY

RUM 99

NINETY NINE

Smooth and Mellow Rum with Jamaican Flavour

Rum 99 is an authentic dark rum, one of the finest and smoothest on the palate as proven by the extensive blind tasting sessions conducted before its launch. Its superior taste is a consolidation of a smooth and mellow dark spirit and the rich Jamaican flavor.

With a special embossed design bottle and a silver cap, Rum 99 crosses over to the youth and the new age drinker, a very modern approach to the 'traditional' feel of Rum.

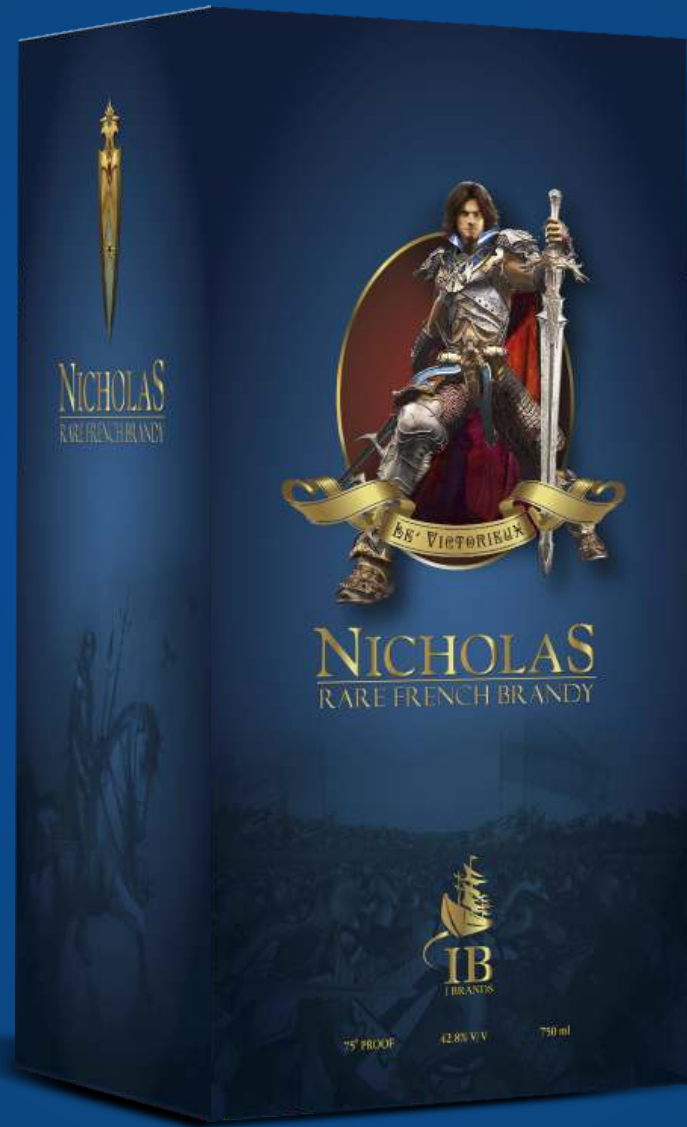

The bottle design is patented for its originality. This brand comes in a family pack of 3 sizes 750ml, 375ml and 180ml.

NOW 99 REASONS TO
INDULGE

A rare French brandy. It's label 'Le Victorieux,' with a French crusader brandishing his sword. It has special Guala caps to top a sleek, never-seen-before bottle design. The extra-ordinary rich texture and vibrant blue color of the box makes it a class apart. The blend is of the finest quality using imported French grape spirit.

DOUBLE DUTCH

Double Dutch Beer is double the taste and twice the experience. The beer was developed 15 years ago and it has been in the UK market for over ten years now. It has the 'taste test' and has the 'mother brew' brewing status. Packaging has been of the highest standards. It is available in 500ml cans and 330ml bottles with 5% alcohol content. It is also available in 10% alcohol content for DD Strong Beer currently available in 500ml cans brewed in Poland. We are currently looking to manufacture this product within India and will be produced in 650ml and 330ml bottles.

This refreshing beer has been manufactured in Daman, India for sale in the Asian Markets. First batch has been sold to Cambodia.

Spanish Wine

We have developed a unique wine for the Asian market; the label has a parchment look that gives the appearance that the wine is an old vintage. We have developed this wine in Spain with the choice of Merlot, Sauvignon Blanc, Cabernet Sauvignon, Rioja, Shiraz and Cava. This product is in development.

ZABAVA VODKA

Zabava is an ancient Russian word meaning "to party, amuse and entertain".

It's been developed by Russian technicians by using pure mineral water and a triple cold filtration system through medical charcoal and crystal sand to ensure the vodka delivers the best quality, with a virtual no hangover guarantee.

This will be a first for India in what is the fastest growing segment.

New Product under development

THE BRAND ADVANTAGE

- UK based research, links with Scottish distilleries and international brand standards sets us apart from the rest
- Pioneers in new product development
- Innovative & Modern
- We focus on the consumer and ensure the best quality in its segment
